MUHAMMAD DANIYAL

Unity & Unreal Game Developer | Islamabad, Pakistan | mdaniyaljanjua@gmail.com | +92 311 5070737

Unity & Unreal game developer with 4+ years of experience across mobile, simulation, and XR/VR/AR projects. Strengths in C# gameplay programming, UI integration, spline-based cinematics, and Meta Quest 3 XR development. Comfortable leading a team or working independently, with a track record of shipping titles from concept to release.

EXPERIENCE

Unity & Unreal Game Developer
Sep 2024 – Present

Algoryte — Islamabad, PK

- Ponte (Unreal) — Spline-based cinematic walkthrough of a building for a client case study, with guided in-tour navigation.
- Alboum (Unreal, Quest 3 XR) — Real-time XR car configurator: inspect, customize, and interact with multiple vehicle models.
- Polker (Unreal) — Added features and UI to a 2D card game; upgraded the engine from Unreal 5.3 to 5.6.
- Hemiverse (Unity) — Added new features and refactored core gameplay code for a live, actively-played title.
- Contributed to in-house R&D projects, including Exofarm.

Unity Developer (Remote)
Mar 2023 – Apr 2025

X-One Games — Islamabad, PK

- Urban Pursuit – Cop vs. Robber — Led creation of a police car simulator from concept to execution.
- BioFire – Uprising Warzone — Directed FPS development, crafting dynamic levels and solo gameplay.
- BioFire – Blood Fight — Contributed to core gameplay and combat systems.

Unity Developer
Oct 2023 – Apr 2024

Pyra Games (Idrak AI) — Islamabad, PK

- Developed gameplay, UI, and mechanics across 5 shipped mobile titles: Beaky Chicky: Chicken Game, Ramp Ball Balance 3D, Bus Simulator, Monster Truck Ball Game, and Cruise Ship Simulator 3D.

Unity Developer | Team Lead
Oct 2022 – Dec 2023

Gamican Pvt. Limited — Islamabad, PK

- Promoted to Team Lead after 6 months as Unity Developer; mentored teammates, monitored code quality, and resolved team conflicts.
- Shipped titles including Army Commando Shooting Games, Car Crash Simulator, Bike Stunt Trail: 3D Racing, Dino Hunter, City Bus Simulator, and Prado Car Parking Simulator.

Unity 3D Developer
Mar 2022 – Sep 2022

The Game Diversion Studio — Lahore, PK

- Worked across Weed Farm and Shop, Surgical Simulator, Construction Simulator, and Long Road Drive Simulation.

Unity Developer
Sep 2021 – Apr 2022

CANZ Studio — Islamabad, PK

- Delivered updates to Car Parking Simulator and Cargo Truck Simulator.
